NON-DISCRIMINATION POLICY

The Spuyten Duyvil Preschool admits students of any race, color, national origin, and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national origin, and ethnic origin in administration of its educational policies, instruction, admission policies, scholarship and loan programs, and athletic and other school-administered programs.

ADMISSIONS POLICY:

The Nursery class is open to all children that will be at least 2 yrs. 9 months old as of the first day of class, which is Sept. 6, 2018. Transportation arrangements to and from the school are the responsibility of the child's parents. Size of enrollment is determined by Health Department regulations. It is hoped that all families looking to join the Spuyten Duyvil community understand that the school follows a progressive philosophy in all classes, allowing children to learn about the world in authentic, hands-on ways, being active participants in their own learning, and directing curriculum through their interests and explorations.

PARENT RESPONSIBILITIES IN THE NURSERY CLASS:

1. Educational – Cooperation with the school's educational policies, including, but not limited to parental support of the child's participation in all aspects of the program. Families are expected to participate in family-teacher conferences at regular intervals; the progress of the individual child is discussed. The purpose of all meetings is educational and attendance at parent meetings is obligatory.
2. Financial – Assumption of a firm contractual obligation for a full year's fee. The school is a non-profit; timely honoring of tuition payments is expected.
3. Health – Compliance with the New York City Health Department's requirements for physical examination, vaccination, immunization and with the school's regulations on contagious diseases.

I have read the above statement and find these parent responsibilities both possible and acceptable.
