For children
born in 2018-19

Arts, Literacy and the Science of Nature for the pre-preschool set

Spuyten Duyvil Preschool's urban naturalist, Chelsea Matias, will lead a small group of children through developmentally appropriate, hands-on experiences centered around inquiry and exploration of the natural world. They will be based in Spuyten Duyvil's rich and unique farm and garden space.

Activities will include:

- * starting seedlings in greenhouse
- * exploring for life underground
- * cooking
- * nature related read-alouds
- * processing worm & bin compost
- * use of school's climbing playground
- * site based drawing, painting, collage

Sept. 29 thru Dec. 12, 2022

Mon and Thurs 9:15-11:15 am

\$800 for 20 sessions

- Child must be accompanied by a caregiver who is expected to be full participant in all activities.
- Caregiver must present full Covid vaccination at time of payment
- Class is held in all weather. If school needs to cancel, class will be rescheduled. If child does not attend we cannot make any refunds.
- Children who attend Urban Explorers are given priority access to 3K/4K Sept. 2023
