at Spuyten Duyvil Preschool

Arts, Literacy and the Science of Nature for the pre-preschool set

Spuyten Duyvil Preschool's urban naturalist, Chelsea Matias, will lead a small group of children through developmentally appropriate, hands-on seasonal experiences centered around inquiry and exploration of the natural world. They will be based in Spuyten Duyvil's rich and unique farm and garden space at the school.

Activities will include:

- * starting seedlings in greenhouse
- * exploring for life underground
- * site based drawing, painting, collage
- * nature-related read-alouds
- * processing worm & bin compost
- * cooking
